

## PRESS RELEASE

DATE: 13<sup>TH</sup> JULY 2010  
FOR IMMEDIATE RELEASE

2700 students have enrolled in MERCU<sup>TM</sup> Intensive Revision Workshops.  
Cope with the *exam fever* by preparing for the PSLE & 'O' Levels now.

---

The exam season is a time of high anxiety for both students and parents. Early and sufficient preparation is the key to coping with the exam fever, avoiding grueling last minute, late night revision. Equip your child with the know-hows to better prepare for the exams.

MERCU<sup>TM</sup> Learning Point puts students to the test through its **Intensive Revision Workshop (IRW)** for **PSLE and 'O' level students** beginning 29<sup>th</sup> July 2010. Over a period of 8 weeks and 12 weeks respectively, the workshops cover pertinent skills such as techniques of answering examinations questions accurately and time management during examination.

To ensure that adequate attention is given to each student, each class has a maximum number of **12 students**. In its seventh year running, till date 2700 students have enrolled in the workshop.

Lim Amira Syuhada Mazlan who enrolled in last year's PSLE Intensive Revision Workshop shared that, "I like how I get to discover new, challenging sums that may help in my exams and even daily schoolwork. Attending the Intensive Revision Workshop (IRW) has made me more confident in doing some tough problems sums, which I used to have problems with. I am now able to complete these very sums in a somewhat fast, and accurate manner. I think that if this IRW is able to help me, I am sure it is able to help others too." She attained an aggregate of 252 for her PSLE.

A satisfied parent, Mdm Rachmawati, commented that "I find that the tuition programme is very good. The Intensive Revision Workshop (IRW) together with the tutors' consistent assistance have helped my child to really improve her marks a lot, especially her Mathematics. She was able to score a B for her PSLE Maths as compared to a D for the mid-year."

The **PSLE Intensive Revision Workshop** will commence from 29<sup>th</sup> July to 27<sup>th</sup> September 2010. The sessions will be held twice a week, 2 hours per session for 8 weeks. The subjects offered are Mathematics, English and Science.

The **GCE 'O' Levels Intensive Revision Workshop** will start from 29<sup>th</sup> July to 25<sup>th</sup> October 2010. The sessions will be held once a week, 2 hours per session for 12 weeks. The subjects offered are Elementary Mathematics and Combined Science (Physics/Chemistry).

MERCU<sup>TM</sup> also offers tuition programmes for students from Primary 3 to Secondary 5N. Primary tuition is held twice a week for 1½ - 2 hours per session, whilst secondary tuition is held once a week per subject for 2 hours per session.

Enrol your child now in MERCU<sup>TM</sup>'s Intensive Revision Workshop to equip him with effective examination skills. The workshop also instills a timely boost of self-confidence for the big battle, and he can then say 'I am *REALLY* ready!'

### **About MERCU<sup>TM</sup> Learning Point**

MERCU<sup>TM</sup> Learning Point is an education and training provider that offers a comprehensive range of programmes and services to the general public, corporate, grassroots organisations and other Voluntary Welfare Organisations (VWOs). Set up in 1999, MERCU<sup>TM</sup> has an extensive network of early childhood educational centres, student care centres and learning centres.

MERCU<sup>TM</sup> comprises of a kindergarten, 3 childcare centres, 3 student care centres, and 2 learning centres that offer academic and enrichment for students and 2 private schools offering full-time private GCE 'N' and 'O' Level programmes.

We kindly request the media's support and assistance to inform members of the public of these programmes so that they may take advantage of its benefits. Should you require more information, please contact Ms Sumarni at 6346 8301 or e-mail: [sumarni@merculearning.com](mailto:sumarni@merculearning.com)
